Understanding Psychiatric Illness: Claim management implications

Dr Howe Synnott

Consultant Psychiatrist (MB, BS, DObst, FRANZCP)

Next Canberra Session

Date: Friday 30th March 2012

Time: 8.30am – 4.30pm

Venue: Suite 3, Level 2 Equinox 1, 70 Kent Street,
DEAKIN ACT 2600

This is a one day course accredited by ANZIIF. It explains the effective injury management of psychiatric illnesses to progress these claims. Case studies and 16 commonly-claimed conditions are discussed, including:

- Is the diagnosis accurate?
- Is the treatment appropriate to achieve recovery?
- What are the potential implications for return to work?

Participants will learn to pinpoint the key issues likely to impact claim progress so that IME questions become more targeted and reports can provide greater clarity. The overall objective is to learn how to use IME's more strategically in the management of these claims.

Note: This course is provided in-house for clients wishing to register large numbers of staff.
