Dr Frank Chow is an experienced Psychiatrist with a special interest in Organisational and Occupational psychiatry. With the understanding of psychiatry and management, he is skilled to perform assessments related to compensation claims, disability, fitness for duty, rehabilitation assessments and workplace difficulties such as bullying and harassment.

Apart from diagnosis and management of general mental health conditions, Dr Chow also has experience in treating Post Traumatic Stress Disorder with individuals from various Public Service Organisations through inpatient and outpatient programs, and also especially with veteran and worker's compensation matters.

Dr Chow has worked extensively in public psychiatry in the Northern Sydney network including Royal North Shore, Ryde, Macquarie and Manly hospitals. He has also as a VMO for St John of God Private Hospital, North Richmond and Ramsay Health care, Berkeley Vale Private Hospital. He is a consultant psycho-geriatrician for the NSW health conducting psychogeriatric clinic for the mid north coast NSW.

Additionally, Dr Chow is accredited as a Permanent Impairment Assessor with SIRA for WorkCover NSW and Motor Accidents. As well, he holds accreditation with WorkCover Tasmania, and is an Independent Medical Examiner for WorkSafe Victoria.
